

## **Installation Training Classes**

### **Overview**

The paint protection film industry is in its infancy and is growing at an enormous rate. This tremendous growth has created great demand for top-level paint protection film installers and the opportunity to earn substantial amounts of money. Depending on the individual, the average installer can earn a range of \$50,000 - \$100,000 annually. *Star Shield Armor University* has created basic and advanced Paint Protection Film Certified Training Programs. We will supply you with a comprehensive training manual and all necessary film materials. You will be required to purchase your first set of installation tools directly from *Star Shield Armor University*. Our training classes are held weekly from 9am-5pm (excepting holidays). Please call or email us for available training dates.

### **3M Certification:**

The program is a three-day course that is usually held weekly from Monday thru Wednesday.

The program covers the basic theory, proper techniques, and procedures to properly apply paint protection film.

For those training attendees who successfully complete the course, 3M will certify you as a "3M Certified" installer. Star Shield Armor Certification is available in the 3 day course and will qualify you to perform installation work within the Star Shield Armor customer base and dealer network.

Tuition starts at \$895 per person, while 2 different levels of training are available.

### **Star Shield Armor Certification:**

The program is a comprehensive five-day training course that is held weekly from Monday thru Friday.

Day 1: covers the theory of paint protection film installation.

Day 2 & 3: consists of hands on training, you will be guided through the general procedures on typical hood, fender, mirror and bumper installations.

Day 4 & 5: consists of more advanced hands on training and will focus on developing and refining your technique to enhance your technical expertise.

We will also provide follow-up technical support.

During the course of the class, you will have an opportunity to discuss the business opportunities in this young and dynamic industry with our sales team.

Shield Armor Certification will also qualify you to perform installation work within the Star Shield Armor customer base and dealer network.

Not only do we want to assist you in learning the skill of installation, but we also want to provide assistance in sales and marketing to help in growing your business.

Tuition is \$1500 per person.
